

Opal Aged Care - Canterbury

External Repaint Case Study

About This Project

This project was completed in 2019 and required the organising of multi trades to complete the external repaint, garden works, new fencing and plumbing.

The Challenge:

COMPLETING EXTERNAL WORKS WHILST THE RETIREMENT LIVING CENTRE REMAINS IN OPERATION

For this project the ProjectPlus team completed a complete external refurbishment including new fencing and synthetic grass as well as a complete external repaint. This project required the team to work under strict time constraints as well as to ensure minimal disruption to the residential-living facilities.
