

# Campbelltown Courthouse

## Heritage Repaint

### About This Project

This heritage repaint and refurbishment back in 2014 saw the team working on remedial repairs before starting the external repaint.

### The Challenge:

**THE FACILITY HAD NOT BEEN PAINTED IN WELL OVER A DECADE, AND WORKS NEEDED TO BE CAREFULLY COORDINATED TO NOT IMPACT COURT OPERATIONS.**

These works saw the ProjectPlus team suited up in PPE gear due to the detection of lead paint in the underlying coatings. With many of the timber trims being rotten the ProjectPlus building services team carried out the remedial works before handing over the the ProjectPlus painters. Knuckle Booms were utilised to access upper areas with all necessary signage and barricading to ensure the safety of the public and members of the courthouse.

3/242D New Line Rd, Dural NSW 2158
